

S&G **SOMSON**
INDUSTRIES
WHERE EXPECTATION MEETS REALITY

ABOUT US

Somson Industries was established in the year 2001. We manufacture and supply a qualitative range of electrical boxes. Our product range encompasses, Modular Electrical Box, Electrical Switch Boxes, Electrical Boxes, Switch Boxes, Fan Boxes. These products are highly admired for their unmatched quality and features such as easy installation, durability, corrosion resistance, strength, long service life and dimensional accuracy. Apart from this, every product of our range is available at industry leading prices.

With advanced design and development skills we have successfully emerged as a distinguished entity in the industry. His prolonged association with people of the same industry has helped us to deliver outstanding products to the clients. Moreover, he has contributed immensely in the growth course of our organization and led us to sky-scraping heights.

We have developed a robust infrastructural facility, which is designed as per the modern architectural designs. It expands across a vast area of land and is facilitated with necessary amenities. We offer custom-made products as per the requirements of the clients at industry leading prices. Moreover, we provide product samples (exclusive of delivery charges), so that clients can be assured of the high quality of our products.
